

Market commentary: The VN-INDEX dropped in late trading as large caps fell under strong selling.

The VN-INDEX fell 0.2% as large caps were pushed down by strong selling pressure, while the HNX-INDEX inched up 0.2%. After the U.S. main indexes hit record highs the previous day after the news that the United States had reached a trade deal in principle with China, the VN-INDEX kicked off positively and quickly rose to its intraday peak of 971.8pts (+0.4%). However, it gradually lost steam in the rest of the trading session as selling pressure emerged and dominated on many large caps. Specifically, VHM lost 2.3% due to a strong net selling position by foreign investors, and alone wiped 2.1pts off the index, followed by smaller Real Estate tickers such as NVL (-1.8%) and DXG (-2.1%). Several large caps from Retail and Consumer Staples sectors also slumped and further exacerbated the existing bearish sentiment, including VRE (-3.5%), VNM (-1.0%) and MSN (-0.9%). On the other hand, some blue chips managed to keep their upward momentum from the morning session through the end, including BID (+2.2%), VCB (+1.0%) and CTG (+2.2%). As a result, the VN-INDEX edged down slightly to 966.2pts (-0.2%), while the HNX-INDEX gained 0.2% to close at 102.9pts, thanks partly to strong support from ACB (+0.9%).

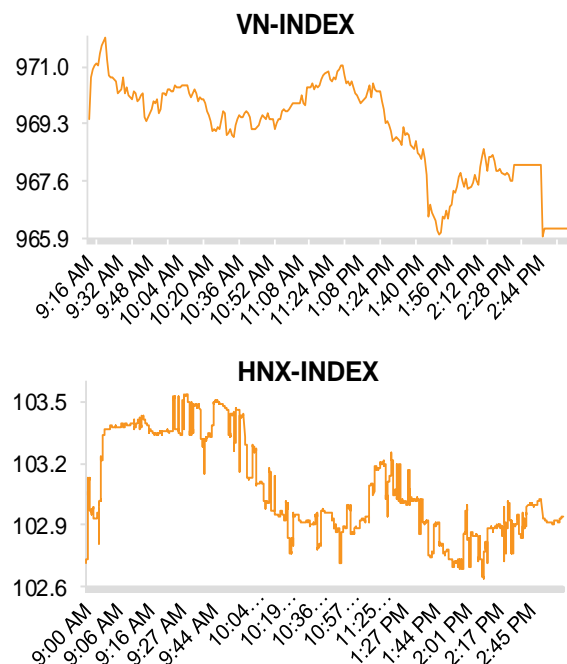

Financials (+0.9%), Energy (+0.4%) and Utilities (+0.2%) rose while Real Estate (-1.1%), Materials (-1.0%) and Consumer Staples (-0.5%) dropped. Top index movers included BID (+2.2%), VCB (+1.0%), CTG (+2.2%), PGD (+7.0%) and BHN (+1.5%). Top index laggards consisted of VHM (-2.3%), VRE (-3.5%), VNM (-1.0%), HPG (-1.7%) and NVL (-1.8%). Top three major put-through transactions were EIB with 15.7m shares (VND269.3bn), VCI with 5.0m shares (VND157.5bn) and ROS with 4.0m shares (VND102.4bn).

Foreigners net sold on HOSE to the amount of VND40.6bn, and also net sold on HNX to the amount of VND16.2bn. They mainly bought VNM (VND85.4bn), E1VFN30 (VND69.5bn) and CTG (VND41.0bn); and mainly sold VNM (VND86.5bn), HPG (VND53.4bn) and MSN (VND35.3bn).

Market News

Oil rises to three-month high after Trump approves trade deal. Oil rose to the highest level in almost three months after U.S. President Donald Trump signed off on a partial trade deal with China, aiding the global demand outlook after OPEC+ agreed to deepen supply cuts. Futures in New York added as much as 0.7% Friday after climbing by that amount Thursday. The phase-one agreement averts new U.S. tariffs that were set to be introduced Dec. 15 and includes a promise by China to buy more American agricultural goods, according to people familiar with the matter. The terms have been agreed but the legal text hasn't been finalized, the people said. (*Bloomberg*)

Vietnam posts record trade surplus of nearly US\$11bn. Vietnam enjoyed a trade surplus of close to US\$11bn during the first 11 months of the year, with roughly US\$1.45bn being recorded in November, according to the latest statistics released by the General Department of Vietnam Customs. Vietnam's total import and export value throughout November suffered a drop of 5.3% to US\$44.13bn in comparison to the previous month. This drop in November comes despite the country's total import-export value surged 7.2% during the 11-month period to US\$472.63bn against the same period last year. Of the figure, November exports grossed US\$22.79bn, a fall of 5.9% from the previous month and bringing the total export turnover throughout the reviewed period to US\$241.65bn, an increase of 7.9% on-year. November saw the export value of foreign direct investment (FDI) firms reaching US\$15.17bn, a 7.7% fall from October, bringing the total export turnover by FDI enterprises during the 11-month period to US\$165bn, up 4.1% on year. The commodities that enjoyed the highest export value throughout November include phones and components with US\$4.49bn, computers, electronics and components with US\$3.26bn, textiles and garments with US\$2.5bn, machinery, equipment, spare parts with US\$1.77bn, and footwear products with US\$1.7bn. DISCLAIMER

This report has been prepared by VNDIRECT or one of its affiliates for distribution in Vietnam and overseas. The information herein is believed by VNDIRECT to be reliable and is based on public sources believed to be reliable. With exception of information about VNDIRECT, VNDIRECT makes no representation about the accuracy of such information.

Options, estimates and projection expressed in this report represent the current views of the author at the date of publication only. They do not necessarily reflect the opinions of VNDIRECT and are subject to change without notice. VNDIRECT has no obligation to update, amend or in any way modify this report or otherwise notify a reader thereof in the event that any of the subject matter or opinion, projection or estimate contained within it changes or becomes inaccurate.

The information herein was obtained from various sources and we do not guarantee its accuracy or completeness. Prices and availability of financial instruments are also subject to change without notice.

This published research may be considered by VNDIRECT when buying or selling proprietary positions or positions held by funds under its management. VNDIRECT may trade for its own account as a result of short-term trading suggestions from analysts and may also engage in securities transactions in a manner inconsistent with this report and opinions expressed therein.

Neither the information nor any opinion expressed in this report constitutes an offer, nor an invitation to make an offer, to buy or sell any securities or any option, futures or other derivative instruments in any jurisdiction. Nor should it be construed as an advertisement for any financial instruments.

Officers of VNDIRECT may have a financial interest in securities mentioned in this report or in related instruments. This research report is prepared for general circulation for general information only. It does not have regard to the specific investment objectives, financial situation or particular needs of any person who may receive or read this report.

Investors should note that the prices of securities fluctuate and may rise and fall. Past performance, if any, is no guide to the future. The financial instruments discussed in this report may not be suitable for all investors. Investors must make their own financial decisions based on their independent financial advisors as they believe necessary and based on their particular financial situation and investment objectives.

This report may not be copied, reproduced, published or redistributed by any person for any purpose without the express permission of VNDIRECT in writing. Please cite sources when quoting.
