

Market commentary: The VN-INDEX bounced back as large caps lent support.

The VN-INDEX edged up 0.1%, supported by gains from Materials and Financials large caps, led by HPG, VPB and CTG. The U.S. stock market ended higher the previous night after the United States announced to remove China from a list of currency manipulating countries. Trailing the advance, the VN-INDEX began trading positively, gradually rising to its intraday high of 968.9pts (+0.3%). Strong support came from Materials sector, with HPG increasing 3.1% to VND25,000 and alone adding 0.6pts to the index gain. Furthermore, some Financials large caps joined the rally, led by VPB (+2.7%), CTG (+1.3%) and TCH (+4.9%). However, in the afternoon session, profit taking activities emerged and dominated on some blue chips, thus narrowing the market's gain. Specifically, GAS and PLX from Oil & Gas sector declined 0.4% and 0.7%, respectively. Other bearish large caps included SAB (-0.4%), HVN (-1.2%) and BVH (-1.1%). As a result, the VN-INDEX edged up 0.1% to end at 967.0pts (+0.1%), and the HNX-INDEX rose 1.0% to 103.4pts.

Materials (+1.9%), Health Care (+1.5%) and Industrials (+0.4%) rose while Energy (-0.7%), Utilities (-0.6%) and Consumer Discretionary (-0.2%) dropped. Top index movers included HPG (+3.1%), VPB (+2.7%), CTG (+1.3%), VNM (+0.3%) and TCH (+4.9%). Top index laggards consisted of GAS (-0.4%), SAB (-0.4%), HVN (-1.2%), BVH (-1.1%) and PLX (-0.7%). Top three major put-through transactions were NVL with 10m shares (VND555.8bn), VIC with 2.9m shares (VND335.5bn) and CTG with 14.2m shares (VND307.9bn).

Foreigners net bought on HOSE to the amount of VND237.4bn, while net sold on HNX to the amount of VND0.9bn. They mainly bought CTG (VND319.1bn), VNM (VND72.0bn) and GAS (VND70.1bn); and mainly sold CTI (VND69.8bn), VCB (VND65.6bn) and GAS (VND62.3bn).

Market News

Oil steadies near six-week low on receding U.S.-Iran war risk. Oil traded near a six-week low on easing tensions in the Middle East, although improving U.S.-China trade relations offered some support. Futures in New York were steady after falling more than 8% over the past five days as the threat of an outright war between the U.S. and Iran receded. Asian stocks rose after the White House lifted its designation of China as a currency manipulator two days before the sides are set to sign a phase-one trade deal. *(Bloomberg)*

Vingroup abruptly abandons Vinpearl Air project. Vingroup announced on 14 Jan to call off its project to set up Vinpearl Air even though the Ministry of Planning and Investment had just sent this project to the prime minister for approval, local media reported. According to Vingroup's announcement, sent to the Ministry of Transport, its latest decision is aimed at enhancing focus on the industrial and technology sectors, as part of the group's restructuring plan. The Vietnamese conglomerate, however, will continue its pilot and aircraft technician training school, VinAviation School, which has been seen as a support facility for the Vinpearl Air project. Pilot training courses at VinAviation are still running as normal, a representative of Vingroup noted. The group also stated that it will continue to participate in projects to develop and upgrade the country's civil aviation infrastructure. On 24 Jul 2019, Vingroup announced its cooperation with Canada's CAE Group to train pilots and aircraft technicians to provide manpower for the aviation sector. In Dec, the Ministry of Planning and Investment proposed the prime minister consider and approve the Vinpearl Air project, which is expected to enter commercial service in July this year. Nguyen Viet Quang, vice chairman and general director of Vingroup, pointed out that the Vietnamese aviation market holds great growth potential, so a number of major firms are tapping the market. The group's strong investment in the aviation segment may lead to an oversupply. Apart from this, the group is focusing on the growth of the industrial and technology sectors, motivating its withdrawal. According to its development plan, released in 2018, Vingroup had targeted becoming Vietnam's leading technology, industry and trade-service group in the next 10 years. To fulfill its target, in Dec 2019, Vingroup withdrew from the retail and agriculture markets. On 3 Dec, Vingroup said in a statement that it would merge its retail and agricultural arms, VinCommerce and VinEco, with Masan Consumer Holdings, the retail subsidiary of Masan Group. On 18 Dec, 2019, the group's ecommerce website Adayroi.com was merged with VinID, while it dissolved its electronics chain VinPro. *(Bloomberg)*

Notable Corporate Events

Ben Thanh Rubber Joint Stock Company (BRC VN) – 2019 business results: BRC's 2019 revenue and net profit reached VND270bn (+16% yoy) and VND19.7bn (+16% yoy), respectively, a company report showed. *(Cafef.vn)*

DISCLAIMER

This report has been prepared by VNDIRECT or one of its affiliates for distribution in Vietnam and overseas. The information herein is believed by VNDIRECT to be reliable and is based on public sources believed to be reliable. With exception of information about VNDIRECT, VNDIRECT makes no representation about the accuracy of such information.

Options, estimates and projection expressed in this report represent the current views of the author at the date of publication only. They do not necessarily reflect the opinions of VNDIRECT and are subject to change without notice. VNDIRECT has no obligation to update, amend or in any way modify this report or otherwise notify a reader thereof in the event that any of the subject matter or opinion, projection or estimate contained within it changes or becomes inaccurate.

The information herein was obtained from various sources and we do not guarantee its accuracy or completeness. Prices and availability of financial instruments are also subject to change without notice.

This published research may be considered by VNDIRECT when buying or selling proprietary positions or positions held by funds under its management. VNDIRECT may trade for its own account as a result of short-term trading suggestions from analysts and may also engage in securities transactions in a manner inconsistent with this report and opinions expressed therein.

Neither the information nor any opinion expressed in this report constitutes an offer, nor an invitation to make an offer, to buy or sell any securities or any option, futures or other derivative instruments in any jurisdiction. Nor should it be construed as an advertisement for any financial instruments.

Officers of VNDIRECT may have a financial interest in securities mentioned in this report or in related instruments. This research report is prepared for general circulation for general information only. It does not have regard to the specific investment objectives, financial situation or particular needs of any person who may receive or read this report.

Investors should note that the prices of securities fluctuate and may rise and fall. Past performance, if any, is no guide to the future. The financial instruments discussed in this report may not be suitable for all investors. Investors must make their own financial decisions based on their independent financial advisors as they believe necessary and based on their particular financial situation and investment objectives.

This report may not be copied, reproduced, published or redistributed by any person for any purpose without the express permission of VNDIRECT in writing. Please cite sources when quoting.
