

**Market commentary: Vietnam's stocks extended mix performance as 1Q20 GDP grew slowest in decade**

The VN-INDEX recorded a third consecutive gain despite a diverged performance by blue chips, while the HNX-INDEX posted another drop. The Dow Jones Industrials Average had another outstanding performance the previous night when gaining 6.4% despite the worst jobless claims data. In Vietnam, the VN-INDEX began the morning sessions negatively as some blue chips declined, including VHM (-1.6%) and MWG (-6.9%). In the Financials sector, HDB and BID fell 6.9% and 0.9%, respectively. However, later in the day, investors regained some confidence. VIC (+6.1%) and VRE (+2.0%) managed to add a combined 5.0pts to the index. A rally by Financials large caps such as VCB (+1.4%) and CTG (+1.1%) also helped keep the index afloat. The rally took place as the government released preliminary economic data, showing 1Q20 GDP grew an estimated 3.82% yoy, the slowest pace in the decade ending this year and which was well in line with market expectations. Finally, the VN-INDEX edged up 0.3% to end at 696.1pts (+0.3%), while the HNX-INDEX lost 0.5% to close at 97.4pts.

**Real Estate (+2.3%) and Consumer Staples (+1.0%) rose, while Consumer Discretionary (-4.1%), Materials (-2.4%) and IT (-2.2%) lost ground.** Top index movers included VIC (+6.1%), VCB (+1.4%), SAB (+3.7%), VRE (+2.0%) and CTG (+1.1%). Top index laggards consisted of VHM (-1.6%), MWG (-6.9%), HPG (-4.4%), HDB (-6.9%) and BID (-0.9%). Top three major put-through transactions were HVG with 70.9m shares (VND 328.7bn), GAB with 1.4m shares (VND 189.4bn) and DIG with 11m shares (VND 121bn).

**Foreigners net sold on HOSE to the amount of VND55.3bn, and also net sold on HNX to the amount of VND8.9bn.** They mainly bought VNM (VND267.15bn), VCB (VND59.53bn) and CTG (VND44.28bn); and mainly sold VNM (VND206.22bn), MSN (VND58.72bn) and E1VFN30 (VND55.36bn).

## Market News

**Oil set to eke out weekly gain on risk rally despite demand woes.** Oil was buoyed by a wider risk rally driven by monetary and fiscal responses to the coronavirus to head for its first weekly gain in five, despite a continued deterioration in demand. Futures in New York rose toward US\$23 a barrel on Friday and are up around 2% this week after losing more than half of their value since mid-February. Global stocks staged a partial recovery this week as central banks sought to cushion the blow from the virus, while the U.S. Senate passed a US\$2tr rescue package for the world's largest economy. Crude's recovery looks fragile though, given the extent of demand loss and the deluge of new supply following the breakup of the OPEC+ alliance. The International Energy Agency warned that oil consumption could fall by as much as 20m barrels a day, while the industry consultant HIS Markit said the world will run out of places to store oil in as little as three months. *(Bloomberg)*

**National food reserves always sufficient for emergencies.** National food reserves are enough to cater for emergency situations, the General Department of State Reserves (GDSR) said on March 26. Under the Prime Minister and the Finance Ministry's direction for ensuring food security amid the COVID-19 pandemic, the GDSR has assigned its regional departments to promptly purchase grain, including 190,000 tons of husked rice and 80,000 of unhusked rice, to meet the procurement target for 2020 assigned by the PM. The husked rice purchase is scheduled to be completed before June 15 while the unhusked rice will be bought based on harvest times in different localities, according to the department. Last year, the GDSR bought 200,000 tons of husked rice and 80,000 tons of unhusked rice. The food is preserved in line with national technical standards and used to support disadvantaged localities ahead of the Lunar New Year holiday and between crops, while helping people address the consequences of natural disasters, crop failures and other irresistible circumstances, and perform other tasks assigned by the government, the GDSR added. *(Vietnamnet.vn)*

## Notable Corporate Events

**Thanh Thanh Cong - Bien Hoa Joint Stock Company (SBT VN) – Internal shareholder's purchase:** The husband of SBT's chairwoman has registered to buy 10m SBT shares from 30 Mar to 28 Apr, according to a statement. The man currently does not own any SBT share while his wife has a 11.1% stake in the company. *(Cafef.vn)*

## DISCLAIMER

This report has been prepared by VNDIRECT or one of its affiliates for distribution in Vietnam and overseas. The information herein is believed by VNDIRECT to be reliable and is based on public sources believed to be reliable. With exception of information about VNDIRECT, VNDIRECT makes no representation about the accuracy of such information.

Options, estimates and projection expressed in this report represent the current views of the author at the date of publication only. They do not necessarily reflect the opinions of VNDIRECT and are subject to change without notice. VNDIRECT has no obligation to update, amend or in any way modify this report or otherwise notify a reader thereof in the event that any of the subject matter or opinion, projection or estimate contained within it changes or becomes inaccurate.

The information herein was obtained from various sources and we do not guarantee its accuracy or completeness. Prices and availability of financial instruments are also subject to change without notice.

This published research may be considered by VNDIRECT when buying or selling proprietary positions or positions held by funds under its management. VNDIRECT may trade for its own account as a result of short-term trading suggestions from analysts and may also engage in securities transactions in a manner inconsistent with this report and opinions expressed therein.

Neither the information nor any opinion expressed in this report constitutes an offer, nor an invitation to make an offer, to buy or sell any securities or any option, futures or other derivative instruments in any jurisdiction. Nor should it be construed as an advertisement for any financial instruments.

Officers of VNDIRECT may have a financial interest in securities mentioned in this report or in related instruments. This research report is prepared for general circulation for general information only. It does not have regard to the specific investment objectives, financial situation or particular needs of any person who may receive or read this report.

Investors should note that the prices of securities fluctuate and may rise and fall. Past performance, if any, is no guide to the future. The financial instruments discussed in this report may not be suitable for all investors. Investors must make their own financial decisions based on their independent financial advisors as they believe necessary and based on their particular financial situation and investment objectives.

This report may not be copied, reproduced, published or redistributed by any person for any purpose without the express permission of VNDIRECT in writing. Please cite sources when quoting.
