

Market commentary: The VN-INDEX made modest gain of 1.4pts despite strong selling.

The VN-INDEX managed to stay in the green despite strong selling pressure, while the HNX-INDEX suffered losses. The U.S. stock indices climbed to fresh records thanks to new hope for a partial trade deal between the United States and China. In Vietnam, the VN-INDEX kicked off positively and gradually rose to its intraday high of 982.8pts (+0.6%). VCB was the most highlighted stock that rose significantly by 1.9%, alone adding 1.7pts to the index's gain. Other bullish large caps included BID (+2.0%), VIC (+0.4%) and HVN (+1.2%). In the afternoon session, the index lost steam as selling pressure emerged and overwhelmed on some blue chips, thus erasing most of the VN-INDEX's gains in the morning session. Notably, in Consumer Staples sector, both VNM and MSN declined 0.7% and wiped a combined 0.6pts off the index. Several large caps from Real Estate and Financials sectors also slumped, including VHM (-0.3%) and HDB (-2.9%). At the end of the trading session, the VN-INDEX edged up 0.1% to land at 978.2pts, while the HNX-INDEX faced strong sell-off wave and declined 0.7% to close at 103.2pts.

Financials (+0.7%), Health Care (+0.5%) and Industrials (+0.2%) rose while Energy (-0.8%), Consumer Discretionary (-0.3%) and Consumer Staples (-0.2%) dropped. Top index movers included VCB (+1.9%), BID (+2.0%), VIC (+0.4%), HVN (+1.2%) and SAB (+0.2%). Top index laggards consisted of VNM (-0.7%), VHM (-0.3%), HDB (-2.9%), PLX (-1.0%) and MSN (-0.7%). Top three major put-through transactions were EIB with 5.4m shares (VND94.3bn), TCB with 3.3m shares (VND76.0bn) and SAM with 9.0m shares (VND71.4bn).

Foreigners net bought on HOSE to the amount of VND61.4bn, while net sold on HNX to the amount of VND2.8bn. They mainly bought HPG (VND39.2bn), KBC (VND34.1bn) and MSN (VND33.8bn); and mainly sold MSN (VND35.7bn), KBC (VND29.0bn) and ROS (VND28.8bn).

Market News

Oil falls after Industry Report shows swelling U.S. stockpiles. Oil declined for the first time in three days as an industry report showing an increase in American crude stockpiles offset optimism that a limited U.S.-China trade deal is getting closer. Futures fell as much as 0.4% in New York after rising 1.1% over the previous two sessions. The American Petroleum Institute reported inventories swelled by 3.6m barrels last week, according to people familiar with the data. Official government figures due Wednesday are forecast to show supplies slid for the first time in five weeks. (*Bloomberg*)

Hot rolled coil segment named bright spot of Vietnam's steel industry. Currently, local production of hot rolled coil (HRC), a key input material for cold-rolled steel and other pre-painted galvanized steel sheet, cannot meet domestic demand. The HRC segment's rapid growth is the bright side of Vietnam's steel industry in the January-October period, recording growth in production, sales and exports of 25%, 27% and 59% yoy, respectively, according to Viet Dragon Securities Company (VDSC). The only domestic HRC producer, Formosa Ha Tinh (FHS), provided 3.4m tonnes to the market, of which roughly 18% was exported. However, local production of hot rolled coil, a key input material for cold-rolled steel and other pre-painted galvanized steel sheet, cannot meet current domestic demand. In 2018, Vietnam imported around 10m tonnes of HRC, accounting for approximately 60% of total steel imports. Facing no domestic competition, FHS's growing momentum is predicted to last until Hoa Phat (HPG)'s Dung Quat iron and steel production complex starts operation, scheduled in 2019. (*Vietnamnet.vn*)

Notable Corporate Events

Binh Minh Plastics Joint Stock Company (BMP VN HOSE) – dividend payment: Dec 4 and Dec 5 will be the ex-date and the record date, respectively, for paying the 2019 cash dividend payment of VND2,000/share, the company said in a statement. The payment will be made from Dec 20. (*Ndh.vn*)

DISCLAIMER

This report has been prepared by VNDIRECT or one of its affiliates for distribution in Vietnam and overseas. The information herein is believed by VNDIRECT to be reliable and is based on public sources believed to be reliable. With exception of information about VNDIRECT, VNDIRECT makes no representation about the accuracy of such information.

Options, estimates and projection expressed in this report represent the current views of the author at the date of publication only. They do not necessarily reflect the opinions of VNDIRECT and are subject to change without notice. VNDIRECT has no obligation to update, amend or in any way modify this report or otherwise notify a reader thereof in the event that any of the subject matter or opinion, projection or estimate contained within it changes or becomes inaccurate.

The information herein was obtained from various sources and we do not guarantee its accuracy or completeness. Prices and availability of financial instruments are also subject to change without notice.

This published research may be considered by VNDIRECT when buying or selling proprietary positions or positions held by funds under its management. VNDIRECT may trade for its own account as a result of short-term trading suggestions from analysts and may also engage in securities transactions in a manner inconsistent with this report and opinions expressed therein.

Neither the information nor any opinion expressed in this report constitutes an offer, nor an invitation to make an offer, to buy or sell any securities or any option, futures or other derivative instruments in any jurisdiction. Nor should it be construed as an advertisement for any financial instruments.

Officers of VNDIRECT may have a financial interest in securities mentioned in this report or in related instruments. This research report is prepared for general circulation for general information only. It does not have regard to the specific investment objectives, financial situation or particular needs of any person who may receive or read this report.

Investors should note that the prices of securities fluctuate and may rise and fall. Past performance, if any, is no guide to the future. The financial instruments discussed in this report may not be suitable for all investors. Investors must make their own financial decisions based on their independent financial advisors as they believe necessary and based on their particular financial situation and investment objectives.

This report may not be copied, reproduced, published or redistributed by any person for any purpose without the express permission of VNDIRECT in writing. Please cite sources when quoting.
