

**Market Commentary: Demand for Materials, Consumer Staples stocks lifted VN-INDEX to a fresh high**

The VN-INDEX advanced 0.5% to 914.7pts, the highest closing level in more than 32 weeks, backed by investors' strong demand for Materials and Consumer Staples large caps. Vietnam's stock market had an optimistic open today following the positive sentiment on the U.S. future market which reflects President Donald Trump's good response to coronavirus treatment. VN-INDEX quickly rose to its intraday high of 915.6pts (+0.6%) as many large caps started trading in the green territory. Materials large caps exhibited an impressive performance and contributed the most to the market's advance. Notably, GVR and HPG became the largest movers and their respective gains of 6.1% and 2.4% added a combined 1.4pts to the index's rise. Several large caps from Consumer Staples and Financials sectors also joined the push, led by MSN (+3.5%), CTG (+2.0%), and VPB (+2.3%). Although several other large caps lost ground, such as VIC (-0.7%), VCB (-0.6%), VNM (-0.7%), and BID (-0.6%), their impact was minimal compared to the overall gain. At the end of the session, the VN-INDEX rose 0.5% to land at 914.7pts, the highest since 21 Feb when it closed at 933.1pts. In Hanoi, the HNX-INDEX added 2.3pts (+1.7%) to land at 137.2pts.

**Materials (+1.9%), Industrials (+1.3%), and Utilities (+1.1%) rose, while only Health Care (-0.6%) lost ground today.** Top index movers included GVR (+6.1%), MSN (+3.5%), HPG (+2.4%), CTG (+2.0%), and VPB (+2.3%). Top index laggards consisted of VIC (-0.7%), VCB (-0.6%), VNM (-0.7%), BID (-0.6%), and PLX (-0.8%). Top three major put-through transactions were BWE with 3.8m shares (VND94.5bn), EIB with 5.3m shares (VND87.4bn), and HDC with 2.7m shares (VND56.7bn).

**Foreigners net sold on HOSE to the amount of VND233bn, while net bought on HNX to the amount of VND2.1bn.** They mainly bought HPG (VND72.1bn), MBB (VND54.0bn), and FUEVFVND (VND47.7bn), and mainly sold VNM (VND87.6bn), MBB (VND74.1bn), and DIG (VND42.0bn).

## Market News

### Oil rallies from 3-week low buoyed by Trump's improving health

Oil rose from a three-week low after a member of Donald Trump's medical team said the U.S. president could leave hospital as soon as Monday, despite contradictory accounts about his health. Futures advanced as much as 3.7% in New York, mirroring a broader relief rally in stock markets, after the biggest weekly drop since June. Trump's condition remained clouded by confusion, with the president making a surprise outing from the medical center in a show of strength. Meanwhile, a strike in Norway has cut about 330,000 barrels a day of production, though the country's largest field is continuing to pump. Equinor ASA is shutting down four North Sea fields after employers and employees failed to find common ground on a wage deal. *(Bloomberg)*

### Vietnam likely to earn US\$300bn in exports this year

The industry and trade sector is exerting all-out efforts to achieve the target of US\$300bn in export turnover this year in the context that the COVID-19 pandemic is seriously affecting global trade. According to the Ministry of Industry and Trade's Import-Export Agency, Vietnam earned US\$202bn from exports in the first nine months of 2020, a year-on-year rise of 4%. Of note, the domestic economic sector is the driver of the growth as it enjoyed a year-on-year increase rate of 19.5%, with USD\$71.4bn. The export value is expected to surge in the fourth quarter when Vietnam brings into full play incentives of signed free trade agreements, especially the EU-Vietnam Free Trade Agreement (EVFTA) which became effective on August 1.

In August, Vietnam's export turnover to the EU reached US\$3.25bn, up 4.65% compared to that of July. The turnover in September also posted a 14.4% surge year-on-year. Deputy head of the agency Tran Thanh Hai said that during January-September, the US was Vietnam's largest importer with a value of US\$54.7bn, a year-on-year rise of 22.6%. To achieve US\$300bn in export turnover, the Ministry of Industry and Trade worked on a trade promotion plan for 2020-2025, which focuses on potential and advantageous products. The ministry will assist local businesses in intensifying exports, especially to the Republic of Korea, Japan and China, and continue organising virtual business exchanges and trade promotion activities. *(Vietnamnet.vn)*

## Notable Corporate Events

**Masan MeatLife Corporation (MML VN, UPCOM) – Business activities:** MML invested VND613bn to acquire 51% of stake in 3F Viet Joint Stock Company while it has inaugurated the VND1,800 bn MEATDeli Saigon Meat Processing Complex in Long An province, according to company reports. *(Ndh.vn)*

## DISCLAIMER

This report has been prepared by VNDIRECT or one of its affiliates for distribution in Vietnam and overseas. The information herein is believed by VNDIRECT to be reliable and is based on public sources believed to be reliable. With exception of information about VNDIRECT, VNDIRECT makes no representation about the accuracy of such information.

Options, estimates and projection expressed in this report represent the current views of the author at the date of publication only. They do not necessarily reflect the opinions of VNDIRECT and are subject to change without notice. VNDIRECT has no obligation to update, amend or in any way modify this report or otherwise notify a reader thereof in the event that any of the subject matter or opinion, projection or estimate contained within it changes or becomes inaccurate.

The information herein was obtained from various sources and we do not guarantee its accuracy or completeness. Prices and availability of financial instruments are also subject to change without notice.

This published research may be considered by VNDIRECT when buying or selling proprietary positions or positions held by funds under its management. VNDIRECT may trade for its own account as a result of short-term trading suggestions from analysts and may also engage in securities transactions in a manner inconsistent with this report and opinions expressed therein.

Neither the information nor any opinion expressed in this report constitutes an offer, nor an invitation to make an offer, to buy or sell any securities or any option, futures or other derivative instruments in any jurisdiction. Nor should it be construed as an advertisement for any financial instruments.

Officers of VNDIRECT may have a financial interest in securities mentioned in this report or in related instruments. This research report is prepared for general circulation for general information only. It does not have regard to the specific investment objectives, financial situation or particular needs of any person who may receive or read this report.

Investors should note that the prices of securities fluctuate and may rise and fall. Past performance, if any, is no guide to the future. The financial instruments discussed in this report may not be suitable for all investors. Investors must make their own financial decisions based on their independent financial advisors as they believe necessary and based on their particular financial situation and investment objectives.

This report may not be copied, reproduced, published or redistributed by any person for any purpose without the express permission of VNDIRECT in writing. Please cite sources when quoting.
