

Market commentary: The VN-INDEX bounced back with strong support from Financials, Aviation stocks.

The VN-INDEX and the HNX-INDEX rose 0.4% and 0.5%, respectively, as demand for large caps recovered. The U.S. stock market closed higher the previous night on optimism about trade talks. In Vietnam, the VN-INDEX kicked off the morning session vigorously and gradually rose to its intraday peak of 987.6pts thanks to strong support from several blue chips. Namely, VCB (+1.4%) and SAB (+2.8%) each added 1.3pts to the index's gain. BID also performed well, rising 1.8% to VND40,000 each. Similarly, aviation stocks had a positive day, with VJC and HVN gaining 2.8% and 2.9%, respectively. On the down side, some large caps from Real Estate and Food & Beverage sectors fell under strong selling pressure, including VHM (-0.6%), VIC (-0.1%), VNM (-0.8%) and MSN (-0.8%). However, these laggards were far surpassed by the other bullish large caps. As a result, the VN-INDEX gained back 3.6pts (+0.4%) to land at 987.2pts, and the HNX-INDEX also recouped 0.5pts (+0.5%) to close at 104.5pts.

Industrials (+1.0%), Financials (+0.9%) and Materials (+0.8%) rose while Real Estate (-0.2%) and Energy (-0.1%) dropped. Top index movers included VCB (+1.4%), SAB (+2.8%), BID (+1.8%), VJC (+2.8%) and HVN (+2.9%). Top index laggards consisted of VNM (-0.8%), VHM (-0.6%), MSN (-0.8%), TCH (-4.0%) and VIC (-0.1%). Top three major put-through transactions were GEX with 4.8m shares (VND101.1bn), HNG with 4.8m shares (VND71.3bn) and KBC with 4.4m shares (VND69.8bn).

Foreigners net sold on HOSE to the amount of VND27.2bn, and also net sold on HNX to the amount of VND24.8bn. They mainly bought VNM (VND105.9bn), VCB (VND57.6bn) and VRE (VND55.0bn); and mainly sold VNM (VND82.6bn), VRE (VND62.9bn) and VHM (VND61.7bn).

Market News

Oil steady as U.S. crude supplies swell while trade hopes build. Oil was steady as investors weighed expectations for swelling American crude stockpiles against signs of U.S.-China trade progress. Futures in New York and Brent crude in London were little changed after falling the past two days. U.S. crude inventories probably rose for a sixth time through the week ended Oct. 18, the longest run of gains in almost a year, according to a Bloomberg survey before government data on Wednesday. President Donald Trump said China has indicated talks on a trade deal are advancing, offering a glimmer of hope for global demand. (*Bloomberg*)

Vietnam to borrow US\$21bn next year to cover expenses. Vietnam is set to borrow VND495tr (US\$21.54bn) next year to repay existing debts and cover budget deficits, a government report said Monday. The country's expenditure is set to exceed GDP by 3.44% next year, or VND234.8tr (US\$10.15bn). The government expects rising interest rates on foreign loans as the ratio of those with floating interest rates has been increasing, from 8.8% of foreign loans in 2015 to 11.4% this year. This means that the government's repayment amounts will increase. Vietnam has been depending a lot on official development assistance (ODA) loans with preferential interest rates, but lenders are increasing the rates, so is increasing the debt burden in return, the report said. "Over the next five years, ODA loans will gradually decrease and come to an end, leading to a shortage of long-term loans and investment incentives. The government will need to mobilize new loans at much less favorable terms," it added. Although the ratio of budget expenditure to GDP next year will be the same as this year, the actual spending figure next year is set to increase by VND12.8tr (\$551.4m) from this year. Public debt is set to reach 54.3% of GDP by the end of next year, less than the earlier forecast of 56.1%. State budget revenue this year is set to rise by 3.3% above initial estimates, the second year in a row that this will happen. (*Vnexpress.net*)

Notable Corporate Events

Petrovietnam Fertilizer & Chemicals Corporation (DPM VN) - 9M19 business results: DPM's 9M19 revenue and after tax profit reached VND5,399bn (-22.6% yoy) and VND152bn (-73% yoy), respectively, a company's business results report said. DPM has thus completed 62% of the full-year revenue target. (*Cafef.vn*)

DISCLAIMER

This report has been prepared by VNDIRECT or one of its affiliates for distribution in Vietnam and overseas. The information herein is believed by VNDIRECT to be reliable and is based on public sources believed to be reliable. With exception of information about VNDIRECT, VNDIRECT makes no representation about the accuracy of such information.

Options, estimates and projection expressed in this report represent the current views of the author at the date of publication only. They do not necessarily reflect the opinions of VNDIRECT and are subject to change without notice. VNDIRECT has no obligation to update, amend or in any way modify this report or otherwise notify a reader thereof in the event that any of the subject matter or opinion, projection or estimate contained within it changes or becomes inaccurate.

The information herein was obtained from various sources and we do not guarantee its accuracy or completeness. Prices and availability of financial instruments are also subject to change without notice.

This published research may be considered by VNDIRECT when buying or selling proprietary positions or positions held by funds under its management. VNDIRECT may trade for its own account as a result of short-term trading suggestions from analysts and may also engage in securities transactions in a manner inconsistent with this report and opinions expressed therein.

Neither the information nor any opinion expressed in this report constitutes an offer, nor an invitation to make an offer, to buy or sell any securities or any option, futures or other derivative instruments in any jurisdiction. Nor should it be construed as an advertisement for any financial instruments.

Officers of VNDIRECT may have a financial interest in securities mentioned in this report or in related instruments. This research report is prepared for general circulation for general information only. It does not have regard to the specific investment objectives, financial situation or particular needs of any person who may receive or read this report.

Investors should note that the prices of securities fluctuate and may rise and fall. Past performance, if any, is no guide to the future. The financial instruments discussed in this report may not be suitable for all investors. Investors must make their own financial decisions based on their independent financial advisors as they believe necessary and based on their particular financial situation and investment objectives.

This report may not be copied, reproduced, published or redistributed by any person for any purpose without the express permission of VNDIRECT in writing. Please cite sources when quoting.
