

Market Commentary: The VN-INDEX climbed near 7-month high, boosted by Real Estate, Consumer Staples stocks

The VN-INDEX closed up 0.8% at 907.9pts, the highest level since late Feb 2020, as investors in positive sentiment sought to buy Real Estate and Consumer Staples stocks. Vietnam's main stock index kicked off the morning session boisterously and gradually rose to the intraday high of 909.8pts (+1.0%). Real Estate large caps exhibited an impressive performance today and contributed the most to the market's advance. Specifically, VIC gained 2.1% to VND96,000 and alone added 1.9pts to the index. Other Real Estate stocks catching up with the advance included VRE (+1.6%), VHM (+0.3%) and NVL (+0.5%). Blue chips from Consumer Staples and Retail sectors joined the rally, led by VNM (+2.9%), SAB (+0.6%) and MWG (+4.1%). But profit taking activities emerged in late trading and pushed several large caps down, including BID (-0.5%), BCM (-0.5%) and DPM (-3.0%). However, these laggards did not erode much of the upward momentum brought by the bullish large caps. Finally, the VN-INDEX gained 7.0pts, or 0.8%, to land at 907.9pts, the highest level since 25 Feb when it closed at 909.7pts. In Hanoi, the HNX-INDEX added 1.4pts (+1.1%) to end at 130.6pts.

Consumer Discretionary (+2.5%), Consumer Staples (+1.5%), and Real Estate (+1.2%) rose, while Health Care (-0.7%) and Materials (-0.2%) lost ground today. Top index movers included VIC (+2.1%), VNM (+2.9%), MWG (+4.1%), TCB (+2.3%), and VRE (+1.6%). Top index laggards consisted of BID (-0.5%), BCM (-0.5%), DPM (-3.0%), CTG (-0.2%), and DHG (-1.2%). Top three major put-through transactions were VCG with 11.9m shares (VND399.3bn), MSN with 5m shares (VND269bn), and HPX with 5m shares (VND130.4bn).

Foreigners net bought on HOSE to the amount of VND90.2bn, while net sold on HNX to the amount of VND3.1bn. They mainly bought VNM (VND122.6bn), PLX (VND100.9bn), and VRE (VND70.7bn); and mainly sold MBB (VND66.4bn), VNM (VND61.9bn), and VHM (VND59.3bn).

Market News

Oil declines on signs of Libya restart with virus cases growing

Oil declined as Libya signaled the resumption of some crude exports, while surging coronavirus cases clouded the outlook for demand and weighed on risky assets. Futures in New York fell 2.1% toward US\$40/barrel. Libya is moving closer to reopening its battered oil industry after it told companies to resume production at some fields that are free of foreign mercenaries and fighters. This will add to already rising supply from OPEC+ nations, and comes as virus infections are starting to increase again in many places around the world. The U.K. said it's close to a "tipping point" with the public health crisis, while there were predictions of at least one more virus cycle in America. That helped drive down European equities by the most since July, while U.S. stock futures also dropped. *(Bloomberg)*

Vietnam targets 6.5% GDP 2021 growth

The Ministry of Planning and Investment (MPI) has been asked to meet the goal of 6-6.5% GDP growth in 2021. The goal was set during the regular government meeting in August about the socio-economic situation in 2020 and development plan for 2021. The MPI will gather all opinions from related agencies to compile a report to the prime minister. The MPI will collaborate with the Ministry of Finance over the adjusted state budget investment capital usage plan for 2020 and submit it to the prime ministerial approval. The two ministries were also asked to report about the usage of investment capital by September 25 and speed up the disbursement process for 2020 projects.

Regarding the disbursement date for 2018 and 2019 investment plans that have been extended to 2020, the government agreed to let agencies to quickly disburse all of the money by the end of December 31. State agencies will submit detailed investment plans that use the state budget in 2020 by September 30. Afterwards, the MPI will work with the Ministry of Finance to review projects that don't have detailed plans and report to the prime minister to allocate investment capital to other locations and projects that are in need of more investment and have sufficiently developed investment plans. *(Vietnamnet.vn)*

Notable Corporate Events

Bim Son Cement JSC (BCC VN, HOSE) - Dividend payment: BCC has set 25 Sep to be the record date for paying a stock dividend of 12%, a company statement said. The company would issue 13.2m shares to facilitate the payment, after which its charter capital will be raised to VND1.232bn. *(Ndh.vn)*

DISCLAIMER

This report has been prepared by VNDIRECT or one of its affiliates for distribution in Vietnam and overseas. The information herein is believed by VNDIRECT to be reliable and is based on public sources believed to be reliable. With exception of information about VNDIRECT, VNDIRECT makes no representation about the accuracy of such information.

Options, estimates and projection expressed in this report represent the current views of the author at the date of publication only. They do not necessarily reflect the opinions of VNDIRECT and are subject to change without notice. VNDIRECT has no obligation to update, amend or in any way modify this report or otherwise notify a reader thereof in the event that any of the subject matter or opinion, projection or estimate contained within it changes or becomes inaccurate.

The information herein was obtained from various sources and we do not guarantee its accuracy or completeness. Prices and availability of financial instruments are also subject to change without notice.

This published research may be considered by VNDIRECT when buying or selling proprietary positions or positions held by funds under its management. VNDIRECT may trade for its own account as a result of short-term trading suggestions from analysts and may also engage in securities transactions in a manner inconsistent with this report and opinions expressed therein.

Neither the information nor any opinion expressed in this report constitutes an offer, nor an invitation to make an offer, to buy or sell any securities or any option, futures or other derivative instruments in any jurisdiction. Nor should it be construed as an advertisement for any financial instruments.

Officers of VNDIRECT may have a financial interest in securities mentioned in this report or in related instruments. This research report is prepared for general circulation for general information only. It does not have regard to the specific investment objectives, financial situation or particular needs of any person who may receive or read this report.

Investors should note that the prices of securities fluctuate and may rise and fall. Past performance, if any, is no guide to the future. The financial instruments discussed in this report may not be suitable for all investors. Investors must make their own financial decisions based on their independent financial advisors as they believe necessary and based on their particular financial situation and investment objectives.

This report may not be copied, reproduced, published or redistributed by any person for any purpose without the express permission of VNDIRECT in writing. Please cite sources when quoting.
